

## "Durability is Better Than Show."

The wealth of the multi-millionaires is not equal to good health. Riches without health are a curse, and yet the rich, the middle classes and the poor alike have, in Hood's Sarsaparilla, a valuable assistant in getting and maintaining perfect health. It never disappoints.

**Scrofula**—Three years ago our son, now eleven, had a serious case of scrofula and erysipelas with dreadful sores, discharging and itching constantly. He could not walk. Several physicians did not help for sixteen months. Three months' treatment with Hood's Sarsaparilla made him perfectly well. We are glad to tell others of it. Mrs. DAVID LARSEN, Ottawa, Kansas.

**Nausea**—"Vomiting spells, dizziness and prostration troubled me for years. Had neuralgia, grew weak and could not sleep. My age was against me, but Hood's Sarsaparilla cured me thoroughly. My weight increased from 125 to 143 pounds. I am the mother of nine children. Never felt so well and strong since I was married as I do now." Mrs. M. A. WATERS, 1529 33d St., Washington, D. C.

**Eczema**—"We had to tie the hands of our two-year-old son on account of eczema on face and limbs. No medicine even helped until we used Hood's Sarsaparilla, which soon cured." Mrs. A. VAN WYCK, 123 Montgomery Street, Paterson, N. J.

### SMALL POX SITUATION.

Only a Scare—Col. Blankenship Improving. No New Cases.

We are glad to say that our small pox patient, Col. Blankenship is improving as rapidly as is possible under the circumstances. He is now at this writing Thursday morning 11:30, sitting up and has a splendid appetite, which the physician says is good evidence that he is improving. No new cases and no symptoms. All persons who were in the least exposed to Col. Blankenship have been vaccinated and the vaccination has taken in every instance. We are rejoicing and believe now that our neighboring towns, the people who usually come here and trade will see that we have only had a big scare.—Sweet Springs Herald.

At a meeting of the city Board of Health, held Monday morning, it was decided that each person in quarantine be thoroughly fumigated; also that all clothing worn by those in quarantine be likewise fumigated. Besides these precautions one of the board was to visit each house and take the temperature of the people and if the temperature was normal the person was released. All of this was carried out later in the day and the result was that all the people have been released from quarantine, barring those at old Mr. Sims' house and the two little Anderson children.—Carrollton Rep. Record.

### Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night, and with each bottle, took, soon absolutely cured. Her name is Mrs. Luther Lutz. Thus

### Mexico's New Church.

The Presbyterian church of Mexico has lately completed a very handsome new house of worship, with a seating capacity of 800, which was on Sunday the 19th dedicated with appropriate services. Rev. A. A. Wallace pastor of this church is well known in Marshall, where many doubtless take much interest in this successful accomplishment of a great work.

Rev. W. H. Marquess, President of Louisville Seminary preached the morning sermon and Rev. W. R. Dobyns filled the pulpit that night.

The Ledger has this to say of the latter. Rev. W. R. Dobyns, of Marshall, Mo., had an audience nearly as large as the one in the morning. Rev. Mr. Dobyns is a fine speaker and a most earnest worker in the Lord's vineyard. His sermon was most appropriate and well received.

### Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face and the best doctors could give no help; but her cure is complete and her health is excellent." This shows that thousands have proved... that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidney and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by P. H. Franklin Druggist. Guaranteed.

### Reportorial Work for Literary Aspirants

The best school for literary beginners is the newspaper office. To be a reporter for a while gives a young man the best experience in dealing directly with all phases of life and kinds of people that he can possibly have. The writers most popular today all served an apprenticeship as reporters. This is true of Rudyard Kipling, Mr. Howells, Richard Harding Davis and Frank R. Stockton—in fact, of nearly all writers of to-day.—Edward Bok in the March Ladies' Home Journal.

### He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 13 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World, 25 cents a box. Sold by P. H. Franklin, Druggist.

### Stricken With Paralysis.

Xavor Scharwenka, the famous pianist and composer, connected with Hardin College, Mexico, has suffered a paralytic stroke in Berlin, where he resides, and it is a question if he will ever fully regain his powers.

In April Scharwenka intended to come to the United States to hold the annual examinations at Hardin College in Mexico, Mo. He was to fill this engagement for five years to come.—Moberly Dem.

### KILLED A WILD CAT.

J. T. Bennett Finds an Interesting Wild Animal Near Kennard and Lays Him Low.

A wild animal of the catamount or wild cat family is on exhibition in The Herald office. It was killed on the tenth of February, 1899, by J. T. and W. A. Bennett near Kennard, Boone county. It has been years since an animal of this kind has been seen in Boone county. It is supposed to have crossed the river on the ice from the wild country further south. While feeding cattle the animal was found by the Bennetts and shot six times before being killed. It measures three feet, ten inches in length.—Herald.

### Grain-O Brings Relief.

To the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. 15 and 25c. per package.

### No Cliques in Magazine Offices

"Cliques" in magazine offices do not exist, no matter what is said, or who says it, to the contrary. The only clique which exists in a magazine is a clique of editors banded together to ferret out the man or woman of originality, and it makes no difference to those editors where he or she lives or what his or her name is.—Edward Bok in the March Ladies' Home Journal.
